

Getting Started

Timez Attack Setup Instructions

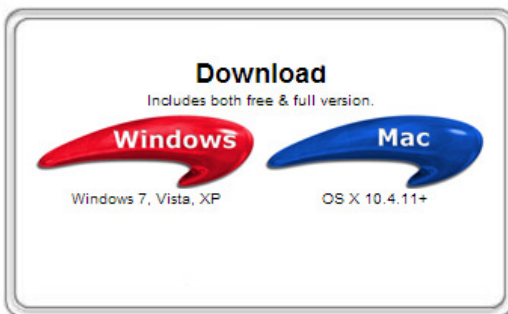

1. Go to www.bigbrainz.com and select **Schools**:

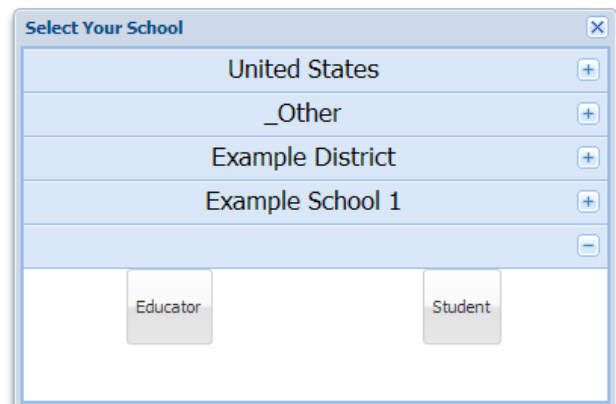

2. Select Windows or Mac

Download and install:

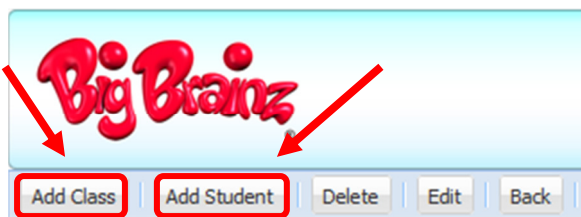

3. Select your School

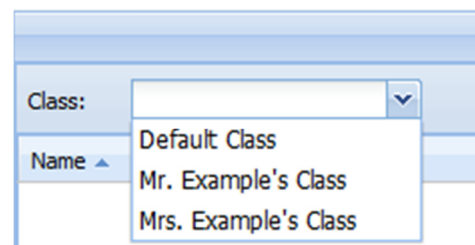

Enter password OR select Educator and set it up:

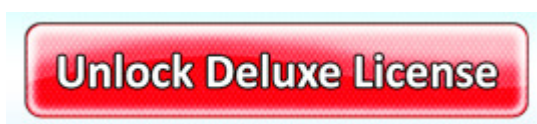

4. Select **"Add Class"** to enter teacher names. Then select individual teacher names and select **"Add Students"** to copy and paste in your class list:

5. To have students play, sign in using the student password then select the teacher's name:

6. Click this button and follow the quick checklist to Unlock your Deluxe License:

7. Students will access the game with the desktop icon:

Timez Attack: 4 Steps to Success

Now that you've installed, we have 4 simple, but critical steps that will ensure that all of your students rapidly achieve total mastery of their multiplication facts. Just log into the game as an administrator, and click on the big, red 'Unlock Deluxe License' button.

- 1** Input contact information so you can receive information on updates.
- 2** Show your principal brief Overview Video on the website under 'Get Started'.
- 3** Make sure that Timez Attack is installed and functioning smoothly. If it isn't, give us a call 877-356-7040
- 4** Put Timez Attack in the schedule so that ALL students have time to finish—remember it only takes 30 minutes a week to master Timez Attack.

If you have any problems while installing the game, please contact Big Brainz at 877-356-7040 or email support@bigbrainz.com
